EUGY Collectables

WIN!

EUGY is the craft collectable craze that shows no signs of slowing. Launched in 2019, the eco-friendly range of 3D models has grown to include over 120 characters with more being added all the time.

EUGY are made with sustainable card, eco-friendly ink and non-toxic glue and as well as being super-creative, the craft helps children improve their concentration and fine motor skills as well as number competence. To build a **EUGY** model, children follow a simple number sequence to stick the puzzle pieces together. The resulting 3D models are sturdy enough to be displayed and kids will love adding new characters to their collection.

There's so many adorable characters to collect including the ever-popular Chameleon, Whale Shark and Highland Cow. Children also love on-trend characters such as the cute Capybara or Llama. New **EUGY** launching in 2026 include Ocean Sunfish, Dodo, Red Panda, Axolotl, Dove and so many more. There's even a new Wobbly **EUGY** collection launching with Robin and Pufferfish that have a playful wobbly motion rather than a solid base. Every **EUGY** also comes with fun, educational facts about the character so children can discover more about the world around them.

As well as being eco-friendly, **EUGY** gives back to wildlife, conservation and children's charities around the world.
