The Storage Game Changer for Busy and Inclusive Childcare Settings

"No more out of sight, out of mind!"

WIN!

In busy childcare settings, every minute counts — and so does every inch of space. From toys and craft supplies to sensory materials and spare clothes, keeping things organised (and easy to find!) can be a daily challenge. That's where Scubl comes in — the storage game changer designed to bring calm, clarity, and efficiency to your environment.

Perfectly sized to fit IKEA's Kallax units, Scubl looks like a traditional storage cube — neat, tidy, and discreet. But here's the clever part: by simply turning the box around, you can instantly see everything inside through its transparent sides. No more hunting, rummaging, or guessing what's where. Waste less time searching and more time doing the important stuff — teaching, planning, nurturing, learning and playing.

Scubl also supports special educational needs, helping both children and practitioners. Its clear visibility reduces anxiety and supports calm, predictable routines. For little ones, being able to find and return their own belongings builds independence, confidence, and pride in their achievements.

With dual compartments, zip closures, and easy-carry handles, Scubl is as practical as it is innovative.

See what you store with Scubl — the smarter way to tidy, teach, and thrive.
