MOUSE ON THE RIVER

by Alice Melvin
(25th April, ages 3+,
Thames & Hudson)

WIN!

In this exquisitely illustrated novelty picture book with die-cut flaps, we follow Mouse from woods to estuary to visit an old friend by the seaside.

Taking place over the course of 24 hours, this gently rhyming story tracks the changing environment of the river's banks, the shift from day to night, pleasant weather to rain and back again, and introduces a whole new cast of friendly characters who wave to Mouse on the way, including beavers, water voles and water fowl aplenty. Mouse travels by a willow coppice, a riverside town with a lock, a river island, a reed bed, the estuary and the river mouth before finishing up the journey on the shore of the open sea. Illustrated by Alice Melvin, who has spent hours drawing directly from nature to make the book, Mouse on the River is sure to win over readers with its charming characters and intensely detailed scenes. A nature spotter's guide is included at the back of the book.

illustrated by Dorien Brouwers
(21st March, ages 3+,
Thames & Hudson)

The first book in a charming new series inspired by the Forest School Movement, designed to teach young children how to engage with nature from season to season.

Building on children's natural curiosity about the world around them, this book aims to establish a connection with nature at an early age that will go on to last a lifetime! Hunt for seedlings, squelch about in the mud, identify birds' eggs and build your own nest. Discover how tadpoles transform into frogs and why rainbows appear in the sky. This book features lyrical poems, hands-on crafts and activities, scientific facts and identifier pages to help children spot different animals and plants. Whether a child's access to nature is in the form of an urban park, a private garden, a field, or a forest, there is so much to discover and experience.

Exploding Kittens Games

KITTEN GAMES
THAMES & HUDSON'S NEW AND EXCITING GAMES FOR THE AGE OF 4+

WIN!

We are thrilled to team up with Exploding Kittens to offer one lucky winner a bundle of Kitten Games comprising of four brilliant games suitable for children aged 4+:

- **I Want My Teeth Back:** An introductory strategy game that's easy to learn and play for kids but also challenging for adults. In this game, players strategically decide when to spin a wheel for an opportunity to collect the missing teeth. The first one to collect a full "mouthful" of the teeth wins.
- **Hurry Up Chicken Butt:** Inspired by the classic game of "hot potato," this version turns up the fun by requiring players to complete silly challenges before passing the chicken. Kids will love playing with the hilarious, chicken-shaped shaker that clucks and holds the dice.
- **The Best Worst Ice Cream:** This simple yet strategic game features whacky ice cream flavours like pizza, eyeballs, and earthworms that get kids laughing. Based on equal parts lucky guesses and skill, both kids and adults compete evenly for the win!
- **My Parents Might Be Martians:** A junior version of Exploding Kittens' fan-favourite title, Poetry for Neanderthals, adults must describe a hidden word using only one-syllable clues to the kids' team. Adults end up sounding like they're from another planet, while kids try to interpret the adults' clues and guess the correct words.

The gameplay of each has been designed to teach kids how to be good winners and losers, and instructions are written for adult players, but also include simplified versions for parents to read aloud to their kids, making the learning process as seamless as possible.
